

FAQ Regarding Carmyn's On-Site Fuel Tank Service

- How Much Does Carmyn's Double-Walled Tank Cost?
 - *Nothing. It is loaned out to customers for free as part of Carmyn's fuel delivery service.*
- Do I have to take care of the permitting?
 - *No. Carmyn takes care of all of the permitting for you.*
- Who keeps the tank full of fuel and who maintains the tank?
 - *Carmyn does.*
- How do I pump fuel from the tank?
 - *The tank comes with its own solar panel that charges up the onboard battery, which powers the onboard pump and nozzle. To pump fuel just grab the nozzle and start pumping.*
- How do I track fuel consumption?
 - *Carmyn's smart tank comes with an onboard keypad where employees enter both their unique code as well as vehicle # to activate the pump, which also creates a digital record that you can view online.*
